

Megan A. Shiga, DDS, LLC

New Safety Protocols

For the safety of others, if you are not feeling well, please reschedule.

Employees

- * All employees have temperatures taken as they arrive to work
- * All work clothes are washed on site
- * All employees wear masks at all times
- * Clean Protective gear (face shields, gowns, gloves, masks) worn during appointment

Patients

- * Patients call the office upon arrival and remain in your car
- * Prescreening questions before & at the time of your appointment
- * Temperatures taken at the car
- * Patients must wear masks into and out of the office
- * Employee walks the patient into the office and to your room
- * Only one person allowed at the front desk (no waiting in the waiting room)
- * Only patients with appointment allowed into office unless a caregiver is needed
- * 60 second pre-rinse done by all patients prior to procedure

Office

- * Plexiglass at front office counter
- * Office doors and handles disinfected throughout the day
- * Infection control protocols adhered to as always
- * Air purifiers in all operatory rooms
- * Bathroom cleaned/disinfected multiple times during the day
- * Operatory and bathroom floors steam cleaned every night

** Please note that appointment times may be slightly adjusted due to the new guidelines and there may be additional waiting before your appointment if we are checking someone out at the front desk.*
